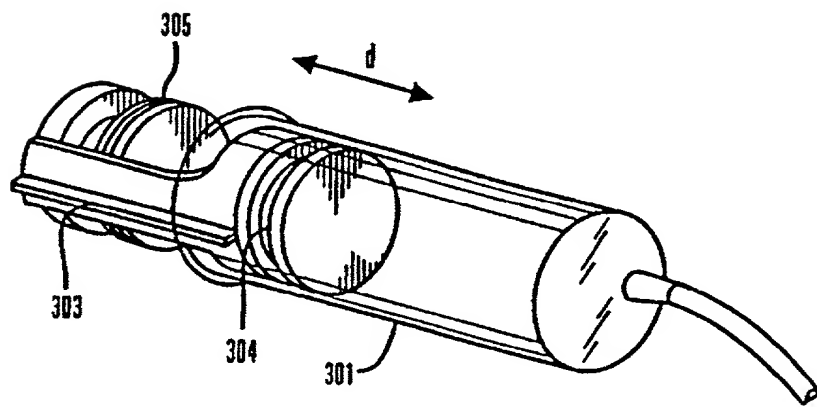

FIG. 3b

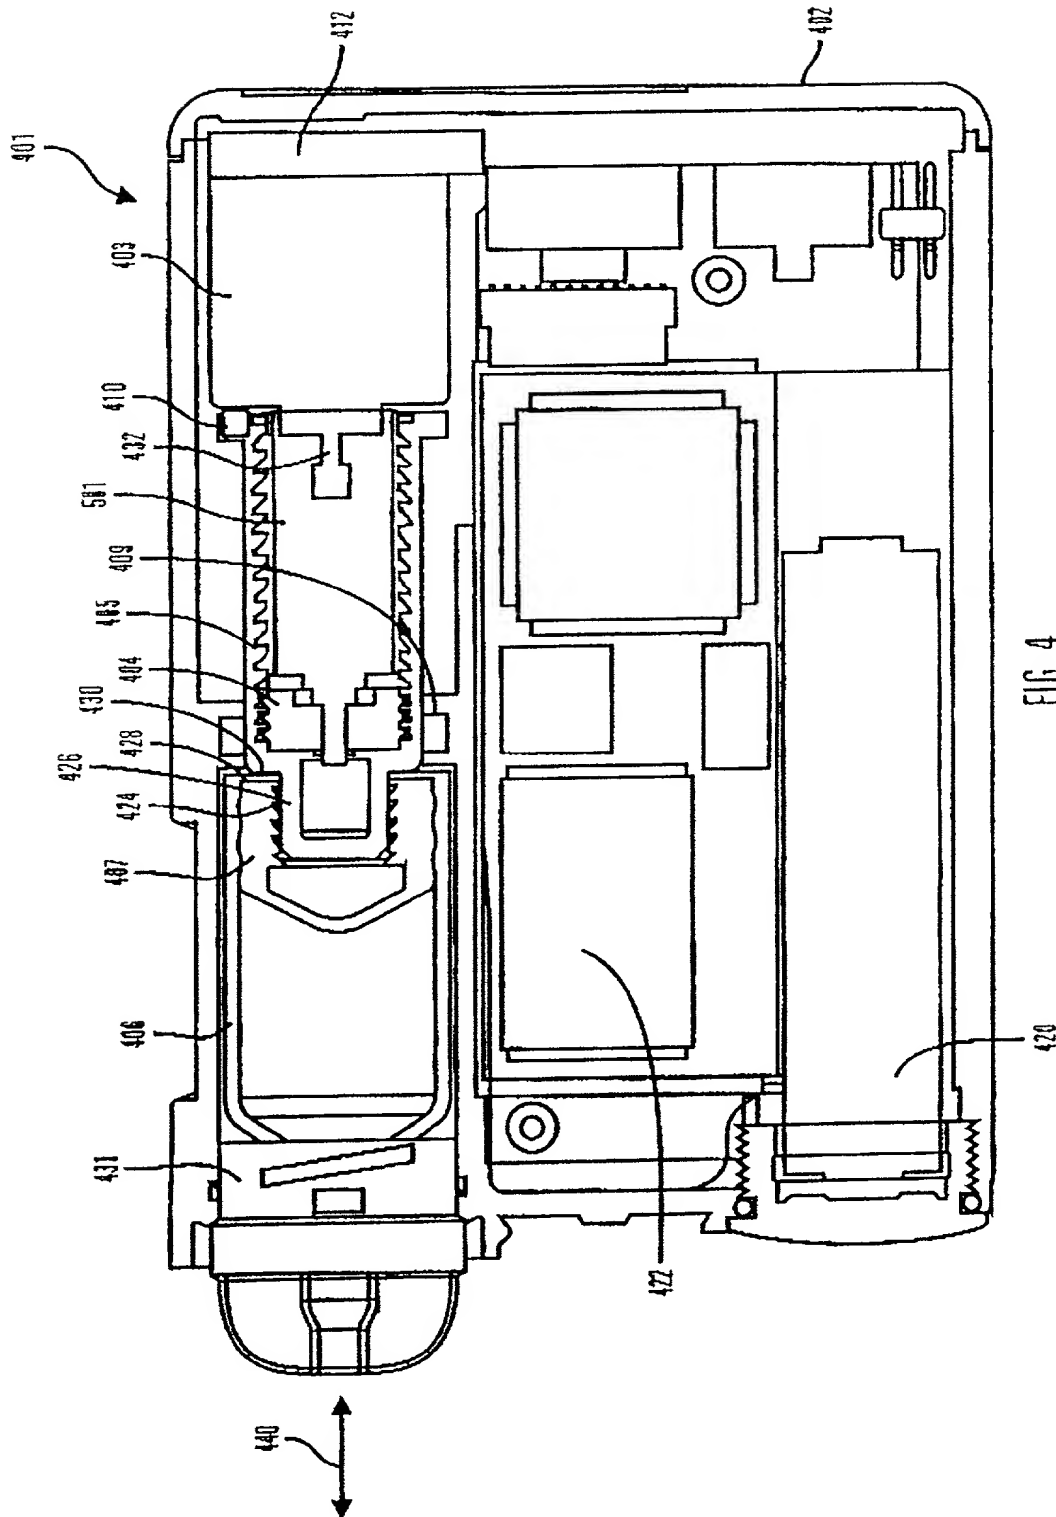

FIG. 4

FIG. 5 is a perspective view of the device 100 in a closed position, showing the first body 103, the second body 105, the hinge 104, the first end cap 102, and the second end cap 106. The device 100 is shown in a closed position, with the first body 103 and the second body 105 aligned. The first end cap 102 is located at the first end of the first body 103, and the second end cap 106 is located at the second end of the second body 105. The hinge 104 is located between the first body 103 and the second body 105, allowing the device 100 to be opened and closed.
